

PRAYER POINTS *from August 29 & 31, 2023*

“For where two or three gather together as my followers, I am there among them.”

- Matthew 18:20

Topics to pray over:

- That the Body of Christ has NO FEAR about a new COVID variant
- That we stand in faith and be a voice of reason to the world during these times.

Prayer:

Father God, people captured by this world’s system look at the future and see nothing but fear. Without hope, they worry and tie themselves in knots, scared that only destruction will come. **But we’re Your children, the Body of Christ, the *FlashPoint* Army—and we see things through the spirit of faith!** Lord, Your Word is clear: You have NOT given us a spirit of fear, but of power and love and self-control. Your perfect love casts out fear. You have delivered us!

Because we trust in You, Lord, we are safe—safe to approach the coming days with wisdom and clear minds, and Your Word above all else. It stands forever! **Help us to discern right reports from wrong reports when it comes to COVID and the election news, to “test the spirits” and hold fast to only what is good.**

Furthermore, Father, we don’t want to keep Your Truth to ourselves. Give us the courage to be a light to the world, allowing them to see the solid foundation You have set for us; **a foundation of peace.** Let them see that unlike the pundits on the news, our hearts are not troubled. We are not afraid. We put our trust in You.

In Jesus’ Name. Amen!
