

## PRAYER POINTS *from August 15 & 17, 2023*

*“For where two or three gather together as my followers, I am there among them.”*

- Matthew 18:20

### Topics to pray over:

- That the people of Hawaii receive the help and resources they need from the Church during this difficult time
- That they also receive inner strength and rise up in faith, knowing that God is their ever-present help in this time of need.

### Prayer:

*Today we agree with Dutch Sheets’ prayer on last Tuesday’s broadcast:*

“Lord, we love the people of Maui and Lahaina. We are grateful that we are allowed to go there right now with our prayers. We love them and we know the suffering is beyond our ability to feel or experience with them...**but we also know that You understand.** You are touched with the feeling of our infirmities. **You love the people of Hawaii** and You want to turn this into good. You want to save people. You want to deliver people. You want to cause people to come together and to serve one another. You want to heal through this.

**“So we send prayers of faith right now,** that you will glorify Yourself through this. We know You will demonstrate love through this. And You will provide all the resources that are needed, not only to other organizations, but to the Church. **As You move on the hearts of people all around the world, we will support with our money, gifts and our efforts.**

“Lord, we speak the life of God—the *resurrection* life of God—over this island. We say the Hawaiian people will rise up in strength. They will rise up in faith. They will rise up in hope. They are strong people. **They are resilient people, and that strength and resilience will be awakened in them right now. Lord, show Yourself strong for the people of Hawaii.** They have experienced revival in the past and they will experience it again. We align ourselves together in faith for them now in the mighty Name of Jesus! Amen.”
